

Catiacodelevelb22

August 2, 2020 - Code Catia Level B22 ***** Admin ..Access.. in..CATIA.. I tried to install Catia v5r18 on Windows XP and ... failed. Error uploading to C:\Program Files\Catia. My computer only has the C:\Program Files\Catia folder. Can't determine why. Please, help! I am using Windows XP 64 bit and Catia v5r18 on Windows XP 64 bit. I tried using the command line but I can't login. I can't find the path to the C:\Program Files\Catia folder. How can I do it? I tried to create a Catia folder in C:\Program Files\Catia but I can't.
