

Rechargeable Professional Dog Nail Grinder – Groomed Paws On Demand

Are you left with scratches and marks all over your body after getting done with trimming your pet's nails every month? Your pet's nails are fragile and require a trim monthly. But the fear of nail cutting is widespread amongst dogs. Hence, your fur bud makes it hard for you to regularly give them a fresh manicure. Why not welcome the [Rechargeable Professional Dog Nail Grinder](#) and let it do your job more efficiently?

No More Tears or Fear

With the Rechargeable Professional Dog Nail Grinder, you can perform your pet's manicure with your own hands. Although it's not intended for trimming, the Dog Nail Grinder can smooth out jagged edges on your dog's paws. It is made of ABS plastic and eco-friendly material. Furthermore, it features a protected head and is 5.1" x 0.8" in size. Using it will ensure that your dog's nails are filed at all times and keep scratches away from you.

Delivers High Performance

Did you know that the sound of a nail clipper causes more anxiety to pets than cutting nails itself? Keeping this fact in mind, the Rechargeable Professional Dog Nail Grinder is carefully crafted to keep noise and vibration to the lowest level. Use this lovely gadget to buff your canine friend's nails accurately while keeping them relaxed.

A Battery that Lasts Hours

The Rechargeable Professional Dog Nail Grinder takes bulky charger heads out of the equation. It functions using two batteries that are provided with each purchase. A fully charged battery works for three hours without hindrance. This innovative nail filer can be powered up with a USB battery included in the

package. Moreover, it is made with detachable parts which come off to ensure deep cleaning.
