Web Development Course

Bonntech Solutions offers a comprehensive web development course designed to equip learners with the essential skills and knowledge needed to build professional websites and web applications. This course is suitable for beginners as well as intermediate learners looking to enhance their [web development](#) expertise.

- **Fundamentals of Web Development:**

Introduction to HTML, CSS, and JavaScript.

Understanding the structure and styling of web pages.

Basics of client-side scripting and interactivity.

- **Responsive Web Design:**

Creating mobile-friendly and responsive layouts.

Utilizing CSS frameworks like Bootstrap for responsive design.

Implementing media queries for different devices.

- **Full Stack Development:**

Combining frontend and backend technologies.

Hands-on projects to develop full-fledged web applications.

Deployment strategies and hosting on cloud platforms.
