KNOW MORE

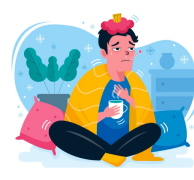

TMS

Employment Physicals

At Grace Health Clinic, we understand the importance of workplace safety and well-being. Our employment physicals are designed to meet the specific requirements of your job and ensure you're healthy and fit to perform your duties safely.

Urgent Care

Prompt Medical Attention When You Need It Most at Grace Health Clinic And Urgent Care Life's unexpected moments don't always happen during convenient clinic hours. That's where Grace Health Clinic And Urgent Care comes in. We offer efficient and effective urgent care services to address a wide range of non-life-threatening illnesses and injuries, Monday through Saturday.

Cocktail IV Therapy

In addition to our pre-designed blends, we also offer customized "Cocktail IV Therapy." During a consultation with our healthcare providers, we'll discuss your individual needs and create a personalized IV solution with a specific blend of vitamins, minerals, and other ingredients to target your concerns. WHY CHOOSE US

More Than Just Healthcare, We're Your Partner in Wellness

Patient-Centered Approach

We take the time to understand your individual needs, concerns, and health goals. Our collaborative approach ensures personalized treatment plans that empower you to take charge of your health.

Experienced & Caring Team

Our team of board-certified physicians, therapists, nurses, and support staff are passionate about providing exceptional care. We believe in building trusting relationships and treating you with compassion and respect.

Focus on Wellness

We go beyond treating symptoms. We emphasize preventive care, healthy lifestyle habits, and a holistic approach to healthcare, promoting long-term well-being for you and your family.

Commitment to Technology

We leverage technology to make healthcare more accessible and convenient. We utilize electronic health records, online scheduling, and virtual care options to streamline your experience.

Insurance Companies

We got you covered with a huge list of insurance companies we have available.

**BlueCross
BlueShield**

We've Got You Covered, Even Without Insurance!

At Grace Health Clinic And Urgent Care, we understand that unexpected medical needs can arise even if you don't have health insurance. That's why we offer a \$200 flat-rate fee for most services provided in the clinic. This fee covers exam evaluation, immediate lab testing (does not include tests sent to a lab and xrays), and medication given during the visit.

Don't Wait Until It Gets Worse!
