

Gemini Xpress Machinery

An ISO 9001 : 2015 Certified Company

Gemini Motors & Machinery

We aim to provide excellent health and safety services and a comfortable environment. We provide consistent and reliable services to our customers by understanding their needs, clearly defining roles and responsibilities, empowering and holding employees accountable, and monitoring their performance. We have gained extensive expertise and understanding in producing grain processing equipment. Our blueprints are less expensive in quality, materials, and manufacturing methods than the competition.
